

# Porta Stream® II

## Product description

The Honeywell Porta Stream® II offers versatile portability and 15 minutes of uninterrupted flushing – without costly plumbing.

Porta Stream’s simplicity of installation and operation has made it a popular choice. Self-contained, each model features a nozzle strap that is easily removed to activate flushing, leaving hands free to hold eyelids open.

## FEATURES

- Self contained/ no plumbing. Easy installation with no plumbing required. Can be easily and affordably placed near most workplace hazards Molded handle accepts hanging bracket
- 15 minute flow cycle. Large 72.8 Litre capacity permits thorough flushing by providing 1.8 lpm over the entire 15 minute flushing period required by ANSI Z358.1 2009.
- Efficient “full flow” nozzles. Nozzles cover a wide area around the eyes
- Easy to use nozzle strap. Nozzle strap is easily removed, leaving hands free to hold eyelids open.
- Large fill hole/ lockable fill cap. Simplifies refilling and cleaning, and reduces risk of possible tampering.
- Sturdy, molded construction. Properly installed, the system may be safely leaned upon during use.
- For vertical or horizontal surface installation.
