COLOUR MY WORLD

Colour of the Year 2025

Turquoise Reflection

Limpid lagoons and summer skies. Peranakan tiles and tiffin carriers. A gem of a colour, and the colour of a gem. Prized by various cultures since the beginning of time, turquoise is Nippon Paint's Colour of the Year 2025.

A blend of calming blue and fertile green, turquoise is believed to encourage reflection and clarify thoughts. A key to the heart and a mirror to the soul, it is thought to draw out our innermost feelings and help translate them into words.

As we stand at the quarter-way mark of the third millennium and reflect on recent developments, from AI to holidays in space, we often find ourselves lost for words. Turns out that turquoise can help us find them. It is the colour the world needs now.

A standout colour on its own, turquoise is an accommodating companion to neutral shades that complement its exuberance. Alternatively, splashes of coral and pops of tangerine temper its coolness with warmth.

Find your truth in a turquoise reflection.

Trending Colours

White

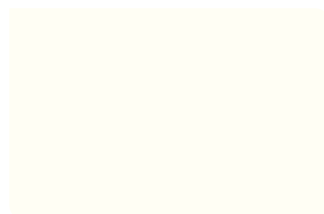

What could be simpler than white? Actually, everything! This infinitely variable shade can be as crisp as linen sheets, incandescent like ash, or golden like sunlit clouds. White whispers, it never shouts. Decorate with a light hand. Layer your white interiors with blonde wood, natural textures, and gauzy layers that filter the light.

Neutral

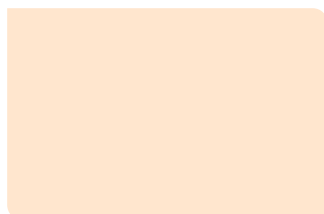

As resilient as dunes of sand that stand their ground as wild tides rage around them, neutrals are timeless. Neither masculine nor feminine, they can be warm or cool, exotic or nostalgic. Dark wood, smoky glass, matte metals, light-coloured textiles and seasoned leather – all earthy tones sit comfortably with neutrals.

Theme of the Year Travel with Nippon Paint Switzerland

Snow-spangled fir trees kiss craggy cliffs as trains weave and wend through mountains. The alpine air is so pure it's been bottled and sold (no kidding). Stir memories of Switzerland with a medley of snowy white, sage green, brown and teal.

Design

Trends

Trends are shaped by changes happening in the world around us. Sometimes they come and go, blazing brightly for a brief moment in time. Sometimes they stay, and are elevated to classic styles. Be informed, and be inspired, by the trends of today.

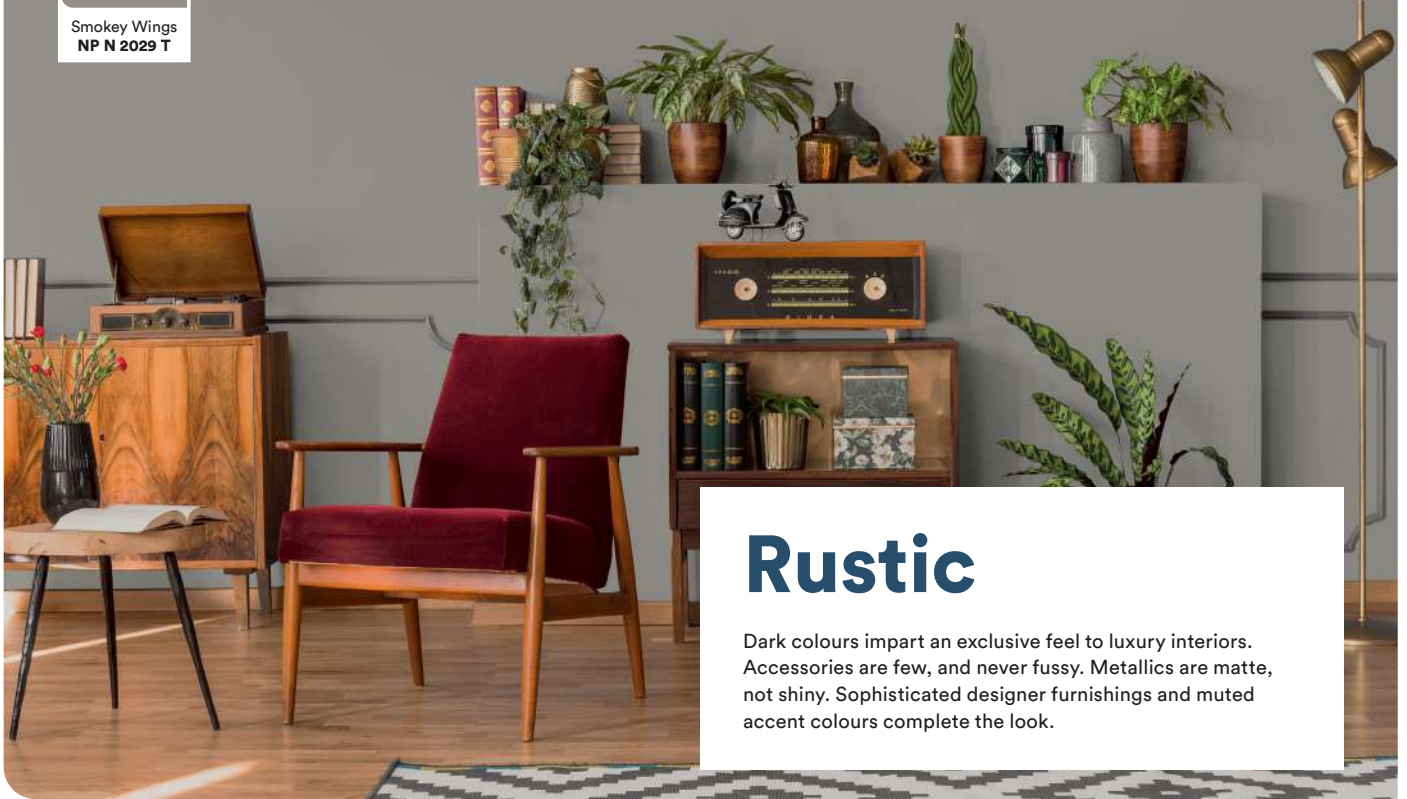

Luxe Redux

Dark colours impart an exclusive feel to luxury interiors. Accessories are few, and never fussy. Metallics are matte, not shiny. Sophisticated designer furnishings and muted accent colours complete the look.

Urban Modern

Think cosmopolitan apartment living. Open concept kitchen and living areas with splashes of colour, statement light fittings and bar counters. It may look casual, but in cities where space is at a premium, every detail is thoughtfully considered.

Refer to actual colour chip at retail store before purchase.

Exotic Bloom
NP R 1296 D

Eclectic

Collectors of curios, thrift shoppers and free spirits tend towards eclectic interiors. While no single style dominates, everything is artfully arranged to pull off a look that is more chic than chaotic. A vibrant jewel backdrop pulls everything together.

Yellow Blaze
NP AC 2053 A

Tropical

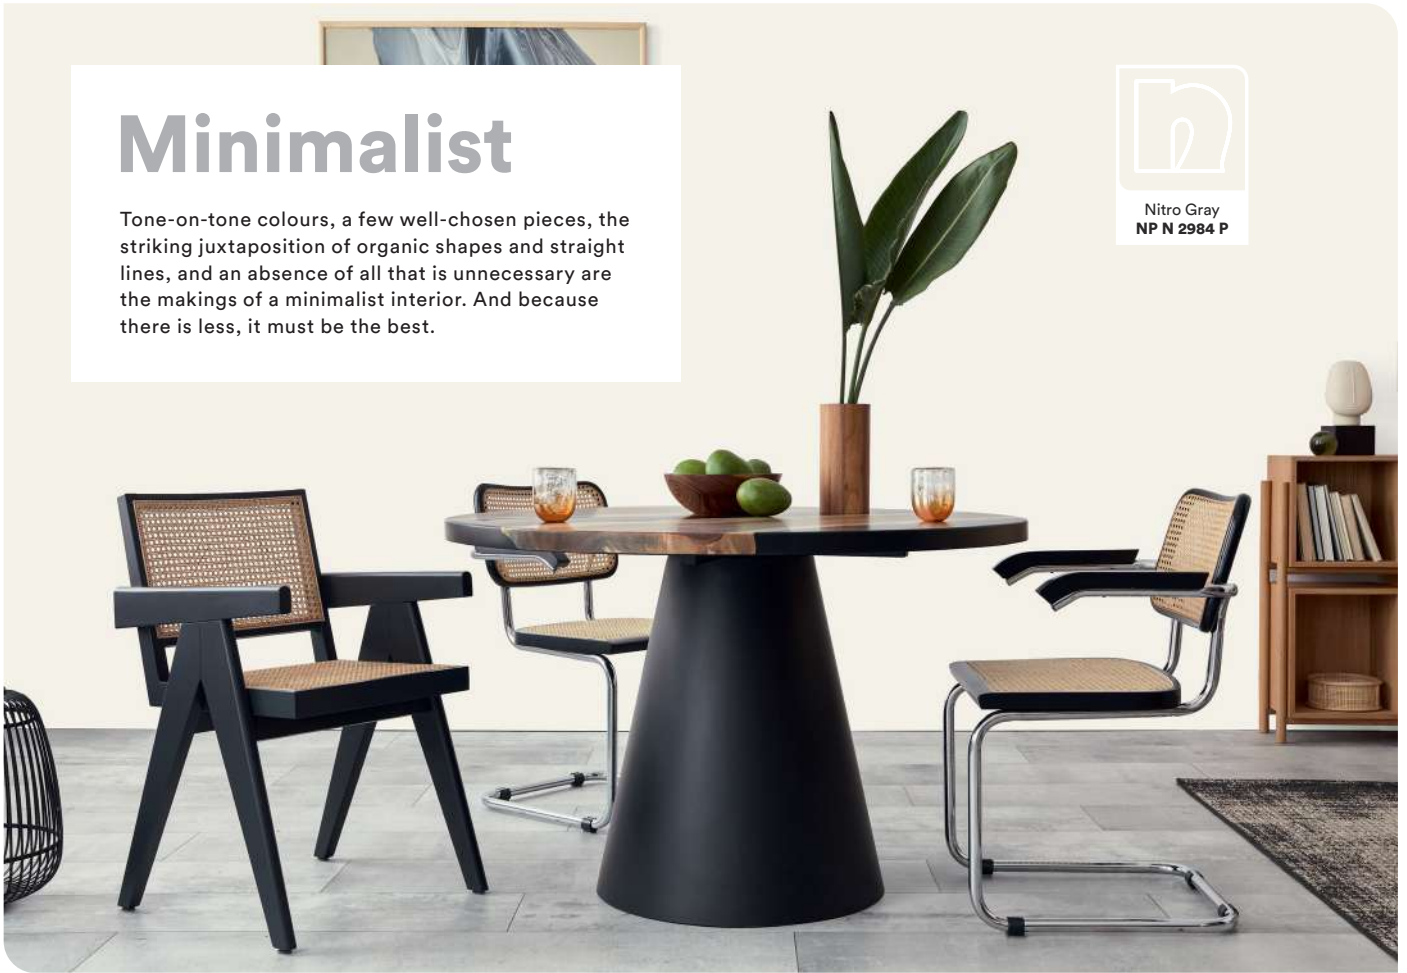

The ever-popular tropical interior blends natural timber and rattan with potted plants, traditional textiles and island artefacts. Polished timber floors and plantation shutters evoke memories of taking tea – or G&T – on languid afternoons in colonial bungalows. Colours are soft and subdued, with splashes of vibrant green.

Refer to actual colour chip at retail store before purchase.

Minimalist

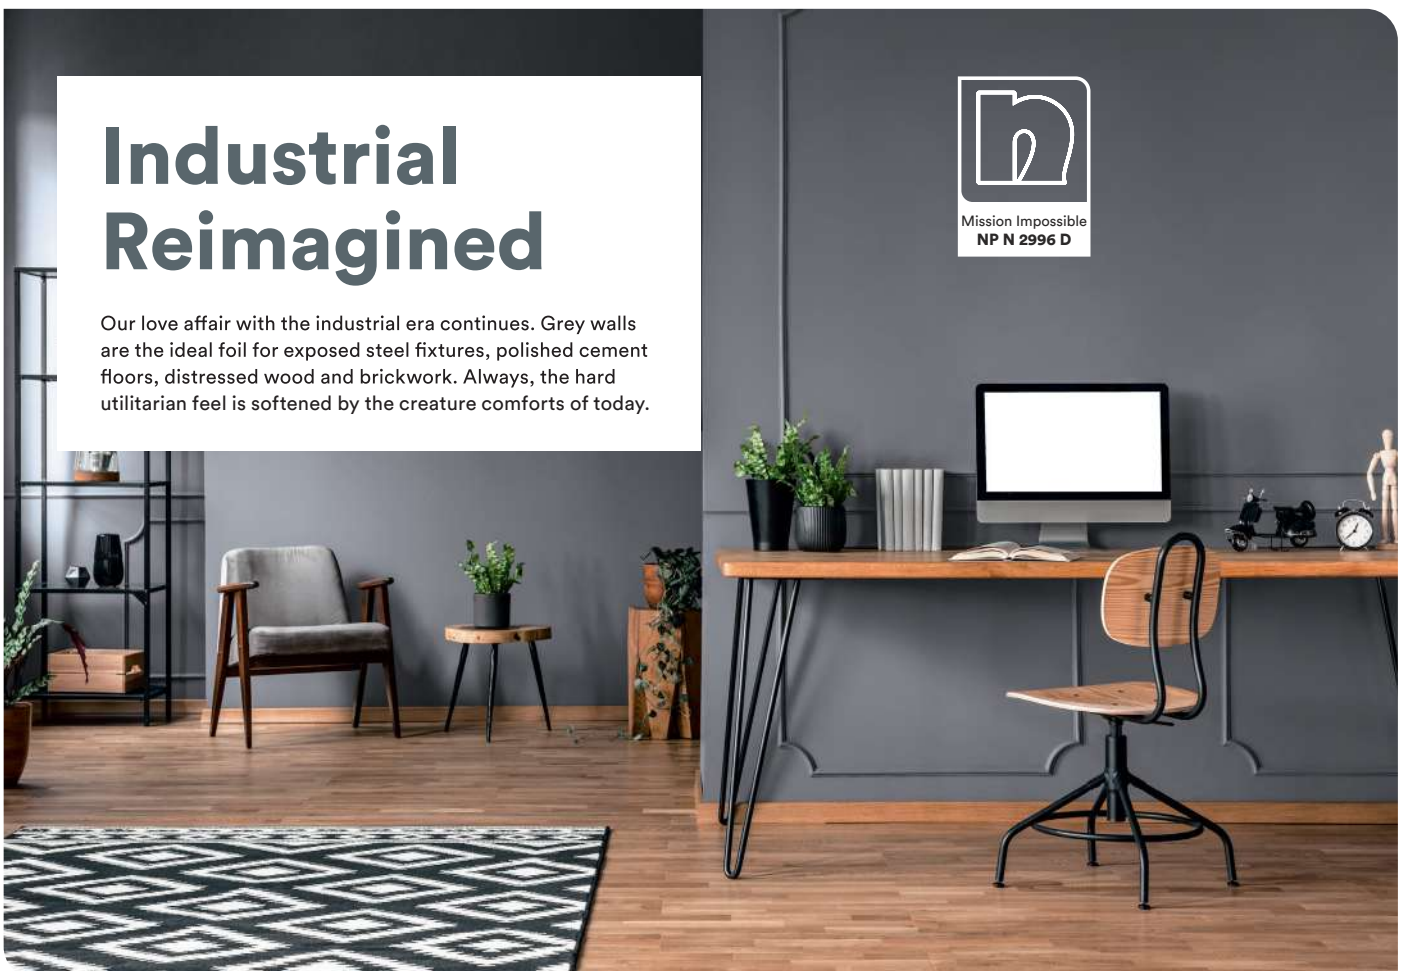

Tone-on-tone colours, a few well-chosen pieces, the striking juxtaposition of organic shapes and straight lines, and an absence of all that is unnecessary are the makings of a minimalist interior. And because there is less, it must be the best.

Refer to actual colour chip at retail store before purchase.

Industrial Reimagined

Our love affair with the industrial era continues. Grey walls are the ideal foil for exposed steel fixtures, polished cement floors, distressed wood and brickwork. Always, the hard utilitarian feel is softened by the creature comforts of today.

Rose Shade

Scandinavian

Light, bright and cheerful, Scandinavian décor is typified by light blonde wood, natural textiles, and light-hearted small touches of whimsy. Despite the cold climes of its origins, or perhaps because of it, it exudes a welcoming warmth.

Refer to actual colour chip at retail store before purchase.

Dark Horizon
NP N 3392 D

Contemporary

Contemporary interiors mirror the mood and manners of the moment. Currently, they are characterised by slate greys, teal greens and inky blues. Mixed-purpose living spaces feature modular furniture and whispers of mid-century modern design.

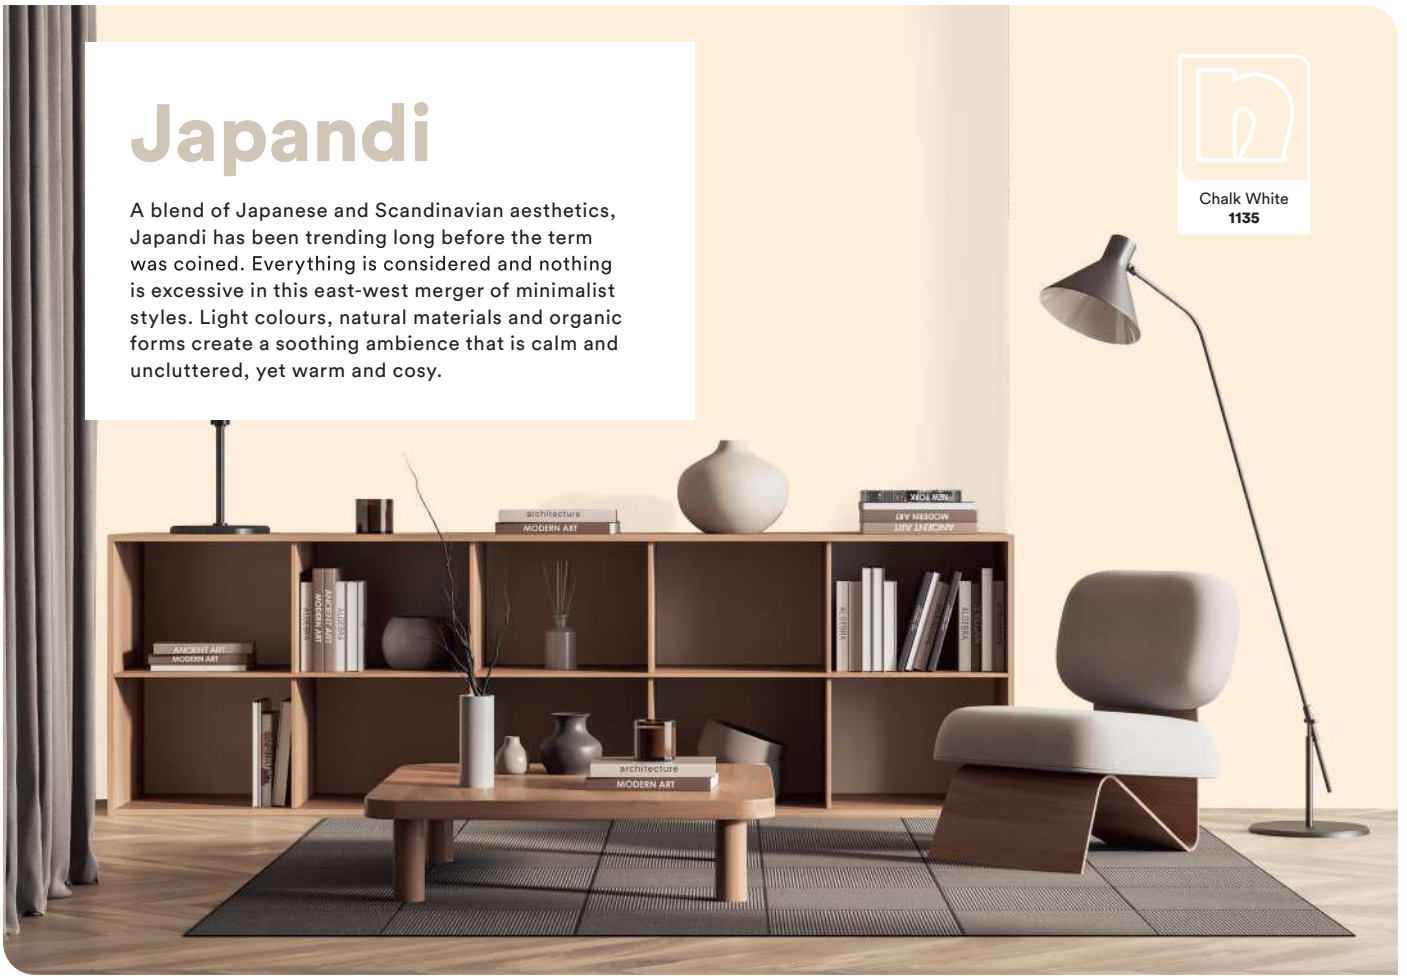

Japandi

A blend of Japanese and Scandinavian aesthetics, Japandi has been trending long before the term was coined. Everything is considered and nothing is excessive in this east-west merger of minimalist styles. Light colours, natural materials and organic forms create a soothing ambience that is calm and uncluttered, yet warm and cosy.

Chalk White

Coastal

The fresh, crisp combination of blue and white never gets old. Take some blue walls, add some whitewashed furniture, throw in some nautical knick-knacks – and you can almost hear the waves lapping the shore and smell the sea breeze...

Gary Hang recommends **Nippon Paint Singapore**

Highly recommended to engage Nippon Paint directly for your painting needs. They did incredible and stressful job for my apartment. Especially if you are living in, their impeccable protection cover for the furniture and fittings were most impressive. The painting team was truly professional, efficient and collaborative. All the painters worked as a team and know exactly what to do and if unsure, they always checked with me. Thank you very much for the 2 days work and we are a very happy customer and a fresh new coat of paint
