

Art. 320

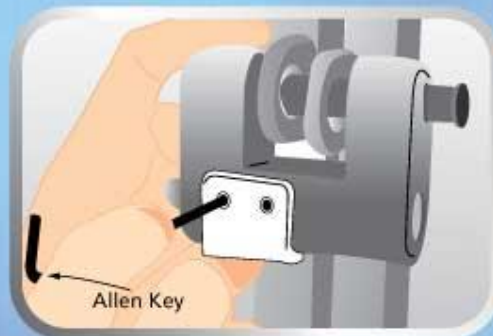

ONE HAND CONVENIENCE OPERATION

You can add Art.320/N or O Padlock Holder to fix the padlock onto the gate for One Hand Operation.

INSTALLATION INSTRUCTIONS

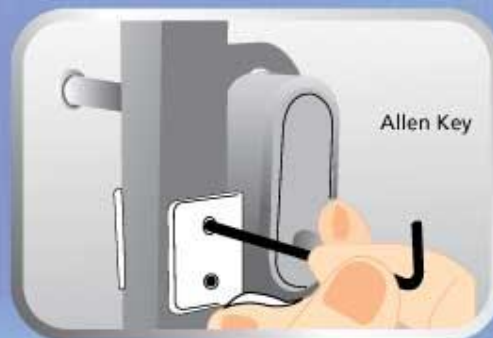

1. Place the Padlock on the Lock Holder and hold it onto your gate (non-moving panel). Slide in the locking bar to determine the position.

2. Secure the Padlock by tightening the 2 screws on the Lock Holder with Allen Key.

3. Secure the Lock Holder onto the gate by tightening the remaining 4 screws.

4. Do not use excessive force to tighten all screws.

For detail measurement of Lock Holder and Gate, kindly refer to Art.320/N or Art.320/O
